JABER T. SARIPADA

IT Student | Aspiring Network Engineer

Calamba City, Laguna, Philippines | 09614442769 | jabebersaripadada@gmail.com
GitHub: github.com/Jaber1313

PROFESSIONAL SUMMARY

Third-year BS Information Technology student at City College of Calamba with hands-on experience in networking, web development, and computer hardware troubleshooting. Familiar with VLAN configuration, routing, IP addressing, and network troubleshooting using Cisco Packet Tracer. Holds a TESDA Computer Systems Servicing qualification and is currently pursuing further networking knowledge through Cisco Networking Academy.

TECHNICAL SKILLS

Networking: Cisco Packet Tracer, VLAN configuration, switch trunking, inter-VLAN routing, router configuration, IP addressing and subnetting, DHCP, static routing, network troubleshooting, network security configuration
Web Development: HTML, CSS, JavaScript
Programming: C++
IT Support: Computer hardware troubleshooting

EDUCATION

Bachelor of Science in Information Technology — City College of Calamba

2024–Present | Third Year (2026–2027) | Expected Graduation: 2028

CERTIFICATION & TRAINING

Computer Systems Servicing — Technical Education and Skills Development Authority (TESDA)

Issued: July 18, 2026 | Valid until: July 17, 2031

Cisco Networking Basics — Cisco Networking Academy

Currently studying

ACADEMIC PROJECTS

Want.3D.Print — Web-Based Keychain Customization and Ordering System

August–October 2026 | Completed academic project; proposed system only. Contributed to research and documentation, system analysis and diagrams, testing and evaluation, and project coordination.

Cisco Packet Tracer Networking Lab

August 2026–Present | In progress. Practiced VLAN creation and configuration, switch trunking, inter-VLAN routing, router configuration, IP addressing and subnetting, DHCP, static routing, network troubleshooting, and network security configuration.

Quality of Service (QoS) Simulation Lab

August–October 2026 | Completed academic laboratory. Demonstrated QoS concepts using colored paper slips across two rounds; personally narrated and presented the demonstration.

EXPERIENCE

No formal employment or internship experience yet. Relevant experience is demonstrated through academic projects and hands-on technical laboratory work.
